10<sup>th</sup> February 2025

## PACE MOTORSPORT DRIVERS for 2025 RallyX Euro League season

- **Pace Motorsport announces participation at RallyX Euro League with Romet Tsirna and Martin Juga.**

Pace Motorsport is happy to announce taking part once again at **RallyX**, season 2025. The team will participate full season at legendary **RallyX North** with one goal only, to fight for The Championship behind the wheel of **LifeLive TN11** cross car!

To broaden our reach and to get as much seat time as possible we have also decided to take part in **RallyX South** with drivers **Romet Tsirna** and **Martin Juga**.

**Jarmo Vösa (Managing director at Pace Motorsport):** Last season was great success for the team. As a team we claimed most amount of fastest lap times and places in the finals, but it was not enough to claim podium at the end of the season (Romet Tsirna 5<sup>th</sup> position). This shows once again how competitive RallyX series is. One bad weekend (missing setups with brand new TN11 in heavy rain) and your championship hopes are gone. This is exactly why we love the series, every time you go out on the track, you race for tenths of second.

We will see where championship heads with the new rules (from season 2025) but until then we are more than excited to start the season in Montalegre, Portugal.

## Romet Tsirna.

Romet Tsirna was one of the most consistent drivers in 2024 RallyX season, scoring most amount of fastest lap times and many podium finishes. After two full seasons at RallyX, Romet has gained enough experience to be able to fight for the RallyX North championship in 2025.

- **Romet Tsirna:** *“To race at Montalegre is something I cannot pass. Clearly my goal this year is to finish the season as high as possible and RallyX South gives us nice head start to the RallyX North season. Being able to start season earlier than we are used to is amazing opportunity to get as much kilometres as possible.”*

## Martin Juga.

Last season Martin Juga carried a lot of bad luck and wrong decision which meant 8<sup>th</sup> place in the championship standings. Top 10 is definitely not the limit of ability for Juga, as being one of the quickest drivers on the grid. Season 2025 contains many challenges but with the experiences from past seasons, Martin is more than ready to fight for every position on well-known and new tracks.

- **Martin Juga:** *"I have decided to join the Euro League because South tracks are unique and legendary. New tracks for me have always been big on getting my attention. The feeling to go to a track for the very first time and start to search for the fastest lines, setup and tricks that the tracks have to offer. I'm looking forward to Portugal, but until then I have some work to do behind the TN11 and simulator"*

### **About Pace Motorsport.**

Pace Motorsport is Estonian based Motorsport team that focus on Rallycross, particularly Cross Car category. Moreover, Pace is more than happy to be official partner and distributor to Belgium based Motorsport enterprise LifeLive, representing LifeLive Cross Cars in Estonia, Latvia, Finland, Sweden, Norway and Denmark.

Team 2024 season main focus is RallyX series with aim to claim top podium places and Top3 at the end of the season.

### **About LifeLive Motorsport.**

LifeLive was founded in 2016 with the aim of establishing itself in motorsport in a serious and professional manner. The enterprise is headed by Yannick Neuville, who received the support of his brother Thierry Neuville, a World Rally Champion.
